Load or unload anytime, anywhere

Kia Frontier Truck is the right companion for large cargo hauling or any construction job thanks to strength and space that belie its manoeuvrability. Not only does the bed size give you the length and width to accommodate the bulkiest of cargo, but it also is closer to the ground to make manual loading and unloading easier. The Kia Frontier Truck's compact size coupled with a tight turning circle and power-assisted steering ensures flexible access to a wide range of loading and unloading areas. Fully hinged side panels and loading area back panel can be lowered up to 180 degrees, while professional touches like the folding-type stopper for longer loads, the practical and easy grip catcher, the rubber wraparound rear gate chains, and the durable rounded brim cover provide the ultimate in cargo security and peace of mind.

1. Folding-type stopper

Safely props up long items that extend beyond the bed.

2. Easily operated catcher

Promises better grip thanks to its ergonomic handle while the inner spring ensures smooth movement.

3. Covered rear gate chain

The wraparound cover protects the chain from corrosion, thus maintaining lifelong use.

4. Round-edged brim cover

Allows easier loading and unloading as well as greater durability than edged designs.
